## INDEX TO VOLUME 43

### 1. PAPERS

#### AUTO-COMPRESSION

	<i>Page</i>
<b>An apparent paradox of auto-compression.</b> <i>Author: A. Whillier (November)</i>	217

#### BACKFILL

<b>The ventilation of backfilled stopes – theoretical and practical considerations.</b> <i>Author: M. Matthews (February)</i>	21
--	----

#### COLLIERIES

<b>Danger handling in the underground collieries at Sasol using 'price of non-conformance' to establish priorities</b> <i>Author: P.L.J. Viljoen (April)</i>	62
---	----

#### **Methane drainage at Majuba Colliery.**

<i>Author: M.F. Kavonic (November)</i>	202
--	-----

#### COOLING

<b>Mine cooling towards the 21st Century.</b> <i>Presidential Address: R. Ramsden (September)</i>	162
--	-----

#### DUST

<b>Dust control for tunnel boring in kimberlite.</b> <i>Author: E.R. Woods (July)</i>	130
--	-----

<b>Distribution of pollutants produced during blasting.</b> <i>Author: J. Partyka (July)</i>	122
---	-----

<b>Dust and radon: the legal implications.</b> <i>Author: J.M.O. van Sittert (September)</i>	170
---	-----

<b>Dust handling methods in the Kimberley Diamond Mines.</b> <i>Author: G.H.C. van Niekerk (October)</i>	182
---	-----

#### EXPLOSIONS

<b>An underground explosion at Doornkop No 1 Shaft.</b> <i>Author: P.R. Hunter (February)</i>	32
--	----

#### FANS

<b>Design of shaft bends at Bafokeng South</b> <i>Author: C.J. Nissen (January)</i>	9
<i>Contribution: P. Bottomley (March)</i>	57

**FIRES****Evaluating fire properties of materials and components for use in mining.**

Author: G.R. Basson (April) ..... 72

**Problems associated with fighting fires on rubber tyred vehicles.**

Author: D.M Walters (May) ..... 82

**GASES****Distribution of pollutants produced during blasting.**

Author: J. Partyka (July) ..... 122

**Methane drainage at Majuba Colliery.**

Author: M.F. Kavonic (November) ..... 202

**GRAVIMETRIC SAMPLING****The implementation of gravimetric sampling of airborne dust for risk assessment purposes in platinum mines and works.**

Author: A.W. Nicoll (March) ..... 42

**Quartz analysis in gravimetric sampling.**

Author: D. Rex (August) ..... 142

**Rotameters: an alternative calibration method.**

Author: D.J. de Villiers (December) ..... 231

**HEALTH AND SAFETY****ResQpacs approved for use in all South African mines.**

Anonymous (February) ..... 30

**Evaluating fire properties of materials and components for use in mining**

Author: G.R. Basson (April) ..... 72

**Problems associated with fighting fires on rubber tyred vehicles.**

Author: D.M Walters (May) ..... 82

**REFRIGERATION****An examination of the split ammonia system refrigeration cycle.**

Author: R.D.C. Shone (December) ..... 222

**TRACKLESS MINING****Air quality assessment of diesel emissions in the trackless mining environment.**

Authors: J.J. Siemelink, D. Rex and L. R. Gardiner (January) ..... 2

**Advantages of electrically powered equipment for deep, hot mines.**

Author: R.E. Gundersen (June) ..... 102

**VENTILATION****The ventilation of backfilled stopes – theoretical and practical considerations.**

Author: M. Matthews (February) ..... 21

**An alternative method of ventilation network analysis.**

Author: A. E. Hall (March) ..... 47

**Determining the friction losses of underground ventilation ducting.**

Author: C.F. Meyer (October) ..... 191

---

## INDEX TO VOLUME 43

---

### 2. MISCELLANEOUS

25 Years Ago .....	20, 37, 53, 78, 99, 118, 135, 159, 180, 200, 215, 234
Abstracts .....	18, 31, 56, 128, 156, 177
Americans seek to ban use of asbestos .....	129
Branchline .....	58, 111, 136, 158, 178, 197, 233
CFC's .....	13, 39, 70, 77, 120, 169, 198
Code of Environmental Ethics for Engineers .....	197
Computer corner .....	15, 52, 79, 168, 235
Council news .....	220
CSIR develops water resistant video camera .....	38
Dangers in the use of light metals in fiery mines .....	29
Diary of Events .....	60, 69, 100, 112, 151
Examination results .....	55
Farewell to Kelvin House .....	134
Information transfer .....	46, 54, 100, 216, 235
Le Roux's Notes on Mine Environmental Control .....	86
Letters to the Editor .....	9
Mining makes its mark in energy effective design .....	140
MVS Council 1989 – 1990 .....	87
MVS nominee receives A.S. & T.S. award .....	28
MVS President for 1990/1991 .....	168
MVS Symposium – Dust and Radon: considerations for the future .....	19, 91
MVS student prize .....	160
News from AEC .....	214
Paul Deglon introduces the Society .....	113
People on the move .....	77
Planning of a new colliery .....	80
President's Christmas Message .....	223
Refuge bays – a success story .....	138
Revised regulations .....	173
Shaft talk: Aluminium .....	79
Accuracy of measurements .....	230
Rising costs .....	90
Whither tomorrow? .....	119
Taking a stand on environmental issues .....	88
Tribute to G.P. Badenhorst .....	14
Western Branch Committee .....	196

### 3. VISITS AND MEETINGS

Proceedings of the 46th Annual General Meeting on 22 June 1990 .....	152
Visit to Premier Mine on 3 November 1989 .....	58
Annual General Meeting of Collieries Branch at Klopperbos Test Tunnel on 3 May 1990 .....	136
Visit to Kendal Power Station on 8 May 1990 .....	158
Visit to Khutala Colliery on 8 May 1990 .....	158
Annual General Meeting of OFS Branch on 28 May 1990 .....	178
Annual General Meeting of Western Branch at Rustenburg Platinum Mines on 11 May 1990 .....	179
Visit to Majuba Colliery on 6 September 1990 .....	233
Visit to Cemtec Fenvy on 22 August 1990 .....	233
